Sinfin Health Centre

Hollybrook Medical Centre's Patient Participation Group was established to provide an independent overview of services and facilities at the Practice.

As a patient of the Practice, you are automatically eligible to become a member of the PPG. The group consists of volunteer Practice patients.

Whilst the PPG is not a vehicle for clinical complaints it will:

- Support fund-raising activities such as MacMillan Coffee Mornings with the Practice
- Be fully briefed about NHS and practice policies and delivery of services
- Support the publication of a regular patient newsletter
- Support two-way communication between the partners, staff and patients

Membership of the PPG committee is open to all patients and staff of the practice.

PPG meetings

We have an established PPG who meet every month at the Practice.

Recent meeting agendas have included:
